

Street Resurfacing Memo

July 26, 2007

If you feel that your street is in dire need of resurfacing, there are two places you can go:

1. **Call Public Works directly.** They have a liaison who is quite knowledgeable and can get you the information you need: David Mays, (213) 978-0204.
2. **Call Sandy Clydesdale** in Councilman Greig Smith's office, who oversees Street Services for the councilman: (818) 756-850.
