AGENDA

All agenda items are subject to discussion and possible action

- 1. Call to order and introductions**
- 2. Announcements**

Matt Woodson, of LADWP's Power System Safety Section, has a great presentation and demonstration planned for us. Learn how to differentiate between electrical conductors and communication cables, how far away from downed wires is "safe"; home electrical safety and precautions; GFCIs; emergency, CERT, and first responder roles; and more. He'll be using the Department's Electric Diorama to demonstrate safety precautions around overhead conductors. See what can happen when you're trimming the tree with a metal pole trimmer near a power line. (If you've never seen this custom-built model in action, you're in for a treat!)

- 7. Around the Room (general comments)**
- 8. Adjournment**
